

RAUVISIO FRONT PANELS

Our verbal and written advice relating to technical applications is based on experience and is correct to the best of our knowledge, but is given without obligation.

The use of REHAU products in conditions that are beyond our control or for applications other than those specified releases us from any obligation in regard to claims made in respect of the products.

We recommend that the suitability of any REHAU product for the intended application should be checked. Utilisation and processing of our products are beyond our control and are therefore exclusively your responsibility. In the event that a liability is nevertheless considered, any compensation will be limited to the value of the goods supplied by us and used by you.

Our warranty assumes consistent quality of our products in accordance with our specifications and in accordance with our general conditions of sale.

Engineering progress
Enhancing lives

RAUVISIO Front Panels

Transform your living space

REHAU Global

A global leader in polymer processing technologies

When Helmut Wagner founded the company in 1948 with just 2 employees, he illuminated the way forward with the principles of competence, passion and innovation. Today, REHAU is an independent and privately owned company that has over 20,000 employees across 50 countries. In every part of the world, the brand is redefining the interaction between our products and customers by engineering progress that enhances lives.

For the past 70 years, the ambition to enhance the lives of people around the world through innovative polymer-based solutions, along with the lessons from our predecessors, have been the driving force behind REHAU's success. Through our vigorous zeal and relentless efforts, we redefine what is possible in construction, automotive and industry, each day.

Today, insightful knowledge of the market and materials, complemented by tremendous experience in technology and manufacturing processes, allows us to cater to wide-ranging needs with customised solutions. This includes improving road safety, enhancing the aesthetic appeal of homes, reducing energy consumption in buildings, etc. We also ensure that progress remains sustainable for the generations that follow. By underscoring quality, efficiency and sustainability, we also ensure that progress remains sustainable for the generations that follow. We will continue our odyssey to make lives safer, healthier and easier across the world.

REHAU India

India footprints

REHAU commenced operations in India in 1997, by establishing a local manufacturing unit in Pune district of Maharashtra to cater for local industry market. Since then, it has established 3 plants and employed 300+ aspirants across the nation.

A German-based company dedicated to beautify and enrich homes with innovative solutions, REHAU prioritises and delivers superior solutions from product design to applications while providing great variety in terms of choices.

With more than 1000 direct customers and up to 2500 retailers, REHAU has exceeded expectations by establishing an enormous client base in India. The huge number of warehouses, offices and sales networks of REHAU across India continuously helps the polymer leader in rapidly capturing the market, and manage its operations.

REHAU offers a choice of wide range of products which allows one to live with premium quality, thereby, raising the standard of living. These choices are versatile enough to accommodate new changes and that too with convenience. REHAU ensures that a positive difference is made through quality, innovation and choice.

Let's live with quality!

Engineering progress Enhancing lives

A promise of enhanced living built upon 3 pillars:

Trust

With synergism in effort, and trust in each member of the REHAU network, we make the impossible happen.

Innovation

Our strength is derived from innovative ideas that improve the ordinary for extraordinary results and performance.

Reliability

Our adherence for ethical guidelines is the foundation of our corporate conduct, because our vision is a better today and a great future, making us a reliable partner.

RAUVISIO Front Panels

RAUVISIO Crystal Décor Panels

Glass gives furniture an air of elegance and luxury, whether in the kitchen, bathroom or living area. Glass laminate RAUVISIO Crystal Décor panel is a real eye-catcher in every room and application - whether as a cabinet door, or in a wardrobe. With RAUVISIO Crystal Décor, it is possible to realise trendy designs in glass optics that look like wood or stone, while completely eliminating the disadvantages of real glass.

 TÜV-tested according to AMK regulations

 10x more break-resistant than real glass

 Extremely resistant to deformation even with applied force

 Can be processed with conventional wood working tools

 Hygienic surface free from chemicals

 Quick refurbishment for instant use

 High scratch resistance due to its hard coat finish

 Individual cuts can be made at the building site for customised requirements

 Easy cleaning due to hard coat finish

 UV- stable

 Panels will be finished with 45 degree chamfered edges
